Your Clothes, New Outfits

MARKETGRID LAB / FREE SAMPLE / 01

Think of three places you'll go this week. You might have a meeting, an afternoon of errands or dinner with a friend. Use the worksheet to jot down what you'll need to do in each place.

Then choose nine pieces you already wear. Lay them out, give each one a number and try the combinations on page 3.

WORKSHEET / MY WEEK

01 **A workday**

Where am I going? What will I need to do?

02 **Running errands**

Where am I going? What will I need to do?

03 **An evening out**

Where am I going? What will I need to do?

Check the forecast and any dress code before you choose.

Nine pieces from your wardrobe

MARKETGRID LAB / INVENTORY / 02

Choose pieces that feel comfortable in this week’s weather. If you rarely wear skirts, use another pair of trousers for piece 06.

Here’s one way to make a note for 01: “My white shirt goes with jeans 04 and fits under blazer 07 without pulling across my shoulders.”

WARDROBE INVENTORY / NINE PIECES

01

White shirt

02

Navy T-shirt

03

Light beige sweater

04

Straight-leg jeans

05

Black trousers

06

Midi skirt

07

Navy blazer

08

Denim jacket

09

Black dress

Keep the number when you swap in a piece from your wardrobe.

Three outfits to try

MARKETGRID LAB / OUTFITS / 03

Match each number to a piece on page 2. Pick an outfit for one of the days on your worksheet. Try it with the shoes you'll wear, walk a few steps and note what you'd change.

OUTFITS / THREE TO TRY

T01 At the office

01

05

07

Wear the shirt under the blazer. Slip the blazer off if you feel warm.

For a more casual setting, swap blazer 07 for jacket 08.

T03 Around town

02

04

08

The tee and jeans keep it simple. Add the jacket on a cool day.

For a sharper shoulder line, swap jacket 08 for blazer 07.

T04 Out for dinner

09

07

Try the dress with the blazer. Sit down to check how the layers feel.

Prefer trousers? Replace dress 09 with shirt 01 and trousers 05.
